## ABSTRACT

Now days,Every farmer is using pesticides which are incredibly harmful to human health. So,we came up with an idea of developing Organic environment in our society.Our website is directly linked-up with the farmers who cultivate the crops by organic means. By simply registering into our website user can enjoy the shopping organic products such as organic vegetables,organic fruits,vegetable and herbal seeds also the indoorplants.

# INTRODUCTION

Our Green Farm website has various features such as the user can select the products by categories by clicking the choose by category option.

And after entering into the required category the user can explore the products related to that particular category. And user can also know the extra information like the brief description about the product and enjoy them by just ordering it in the online within minutes.

## HOW TO USE THE WEBSITE??

New User can register into the website and enjoy shopping the organic products ONLY.

New User → First Register → Home page

Existing User → Login with Email and Password → Home page

## ADVANTAGES

- Both the Customers and the farmers will be benefitted.
- Customers can avail the products at very affordable prices.
- Allows for Faster service.
- As we used bootstrap as frontend technology, it allows the user to feel like mobile scrolling when the window is minimized.
- It's impossible to find chemical free vegetables and fruits but through our website customers can order the fresh and best quality products online.

Freshness level ★★★★★☆

The Robusta Banana is medium to large, with a thin yellowish-green skin that turns yellow upon ripening. Its flesh is soft in texture and has a sugary taste and aroma. It makes a perfectly satisfying choice for bread and cakes and is ideal for fruit salads. Robusta Banana pairs well with chocolate, keeping your dessert simply delicious. So, go ahead, buy Banana Robusta 6 pcs (Box) (Approx 800 g - 1100 g) online now!
